

# Plevna School District

327 North Main (PO Box 158) | Plevna, MT 59344 | (406) 772-5666

Our investment in the future:

We are often asked if our school will remain open. The answer is a resounding “YES!” Our trustees and staff are dedicated to the education of our students.

At this point our numbers are low in the high school, but if we remain dedicated to our school and community, the following table shows the projections:

	<b>HS</b>	<b>JH</b>	<b>Elementary</b>	<b>TOTAL</b>
	9-12	7-8	K-6	K-12
<b>2017</b>	8	14	52	74
<b>2018</b>	13	13	57	83
<b>2019</b>	19	18	48	85
<b>2020</b>	20	18	53	91

We are proud to be a small school where we can personalize and maximize learning. We have a combination of dedicated veteran teachers and new teachers who are willing to assist students in the classroom as well as outside of the classroom to encourage academic success.

Following are some of the innovative programs we have at our school:

- 1:1 Chromebook initiative provides all 6<sup>th</sup> through 12<sup>th</sup> grade students with a Chromebook. We are committed to providing state of the art technology for global learning.
- A greenhouse supplies vegetables for our lunchroom. Students and staff have the opportunity to plant and harvest the produce to serve in our school cafeteria. This spring we will have raised beds in our courtyard for outdoor classroom experiences for grades K-12. It will produce a greater variety of vegetables for the lunch program.
- Graphic tablets provide students access to digital graphics and industry standard software which allows them to create digital media projects while honing their 21<sup>st</sup> Century skills.
- A 3-D printer prints with a variety of plastic, metal, and wood materials which allows student to print models to enhance and complement their learning.
- A Robotics program is available for grades 7-12
- Journalism class generates weekly news articles which are published in the local paper as well as a monthly school newspaper.
- Buddy Program which offers an opportunity for older students to be a mentor for younger students
- A free After School program is provided for all students which includes snacks, homework, and activity time.

We offered Enrichment presentations in the following areas:

- Heritage Art Center where students created art with warm/cool colors
- “The Jungle Book” performance through the Missoula Children’s Theatre
- Miss Montana presentation with an anti-bullying message
- I Love to Read presentations from our young readers to parents and community members
- Passion Projects for 6<sup>th</sup>-8<sup>th</sup> Grade students
- Reading to the elderly
- Band and Music concerts throughout the year

We have a variety of organizations at the junior high and high school levels to provide positive opportunities for interaction with others as well as developing leadership skills in areas of interest. These organizations include Business Professionals of America (BPA); Family, Career, and Community Leaders of America (FCCLA) as well as FFA. Each organization offers many opportunities for involvement at the local, state, and national levels based upon student focus and commitment.

Our district maintains a focus on academic achievement through a reading emphasis in grades K-2 as well as “What I Need”--WIN time for all students grades K-12 which gives additional time for extra assistance or enrichment. MAP scores provide information in regard to individual academic growth and SBAC testing indicates that students within the District have achieved Annual Yearly Progress guidelines as set forth by the Montana Office of Public Instruction.

Having these opportunities available makes for a well-rounded individual who is life, college, and career ready.

Our Kids, Our School, Our Community—PLEVNA PROUD!!
